

ASSET MANAGEMENT SOLUTIONS

MRO Plus

Manage Your MRO & Indirect Inventory Better

- ✓ User-friendly enhanced item searching
- ✓ No restrictions on character or fields limits
- ✓ Extended item descriptions
- ✓ Item specification data and item specification searching
- ✓ Enhanced equipment parts list

*Search for what you need,
when you need it!*

Purchase Request Workbench

Eliminate Redundant Approval Steps
& Assign Multiple Accounting Tracks

- ✓ Flexible purchasing approval routes
- ✓ Buyer ← → Requestor conversation log
- ✓ Purchase approval delegations

“

AMS Gets MRO Right!

Before, when our Planners and Buyers couldn't find a part record, they often ended up adding another record, which led to duplicates and overstocking of inventory. MRO Plus was rolled into production in under three days, and immediately returned the investment in time savings!

Now we can find any part in just a few keystrokes and clicks – by part type, OEM Part #, specifications, anything! It is like Google for JDE!”

~ Maintenance Manager, 1800 Megawatt Power Plant
