

ASSET MANAGEMENT SOLUTIONS

JD Edwards EnterpriseOne Health and Safety Incident Management

Report it → Manage It → Prevent it!

- Occupational incidents are a serious matter. Organizations are subject to regulations around the globe to provide a safe and healthy workplace.
- With JD Edwards EnterpriseOne Health and Safety Incident Management you can report, manage and analyze incidents of all types. Not every incident involves injured or ill employees, and JD Edwards Health & Safety handles these as well as being able to record hazards in order to prevent future incidents.
- *An organization cannot afford to not manage their incidents.*
